Commissioner of Patents

1. The reply filed on 12-4-98 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): (1) Claims 1 and 10 have been rewritten and indicate that they are "Amended", but they fail to provide underlining below the matter added to the claims and brackets around the matter deleted from the claims as is required by 37 CFR 1.121; (2) An amended Fig. 1 has been submitted but a sketch showing the proposed changes to Fig. 1, in red ink, has not been provided (37 CFR 1.121(3) (ii)); (3) A new Fig. 5 has been submitted but an amendment to the "Brief Description of the Drawings" (page 9) has not been provided (Note: reference number "107" in Fig. 5 has been used to identify to two different elements.). (4) The objection to the disclosure on page 12, line 12 has not been addressed in the reply. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

2. Also note, paragraph 6 of the "Remarks" section of the reply is confusing since it appears that the German priority document did not contain a Fig. 5 thus it is not clear how the inserted text relating to Fig. 5 and the inserted text on page 10 were unintentionally omitted when re-typing the English translation of the German priority document, it is requested that applicant provide the page and line number where the inserted material can be found in the German priority document in order to clear up the confusion regarding the statement in paragraph 6 of the reply.
